

**Summer Reading 2024**  
**College Prep World Literature**  
**Mr. Peters**

Welcome to British Lit, a course dissecting a wide variety of English authors. We will analyze English ideals and identities through several different eras of literature.

- Your summer assignment is to read **any book of your choice**. The requirements are flexible, but your selected reading must be a full-length novel, play, non-fiction book, or poetry/short story compilation.
- **Students should email me no later than July 1st with the novel they are selecting so I can approve or suggest another novel.**
